Every state gets one shot, once a decade, to get it right. This is our opportunity to work together to ensure a fair and accurate count in the 2020 decennial census. A panel of experts will tell us how the census happens, why it is essential, the challenges of getting a complete count and ways you can help.

Meeting is open to the public. There is no fee or registration.

The League of Women Voters is a non-partisan political organization encouraging informed and active participation in government, influencing public policy through education and advocacy.
